“A Prescription for Financial Independence”

An individual with a clear vision possesses a key element to the successful execution of a well defined plan. The ILD Business School Core Curriculum equips individuals to learn the process of focusing on a worthwhile goal, vision and dream. Practical learning and study via mentoring, coaching, targeted Live Events, web casts, books, and various digital tools provide a robust platform for sharpening one’s skills towards their chosen level of success. ILD achievers believe in the “Share” or “You” Economy partnered with top notch supply chain management and fulfillment partners on a global scale. The targeted training guides individuals towards an achievable, scalable ongoing income to any proportion he/she desires.

This key event will elaborate on the “Why” and the “What” and “How” approach to using App. technology to simplify and monetize “eat on the run” spending habits.

The gamification and monetization of Revenue Sharing Shopping App to re-direct consumer buying habits to a win-win marketplace strategy, that uniquely benefits both shoppers and e-commerce entrepreneurs is revolutionary.

On any smart device, the AI intuitive steps of swipe technology offers an interface anyone can operate.

We anticipate your enlightenment and amazement at this targeted edutainment, infotainment, inspirational Live Event.

Keynote Speakers

ILD Executive Team consists of accomplished business professionals and entrepreneurs; tasked with providing each attendee a clear, definitive path to financial gain, freedom, flexibility and purpose driven prosperity.
